

Final Exploitation Workshop

Turning Nutrients into Opportunity: P2GreenN Exploitation Workshop

AGENDA

17 September 2026 | 10:00-12:00 CET | Online

10:00 – 10:30 Opening Plenary

Discover what P2GreenN built and where; a tour of the three pilot regions, their innovations, and the eight follower regions putting them to the test. An overview of our key exploitable results.

10:30 – 11:30 Breakout Rooms (choose one)

Room A – Making Circular Solutions Acceptable: Policy, Governance and Communities

For policymakers, regulators, municipalities and civil society: how governance models and social acceptance tools can unlock circular nutrient recovery at scale.

Room B – From Pilot to Practice: Business Models and Replication Pathways

For operators, utilities, cooperatives, SMEs and investors: real business models, replication tools, and a live look at how to bring circular solutions to your own region.

Funded by

Final Exploitation Workshop

Turning Nutrients into Opportunity: P2GreenN Exploitation Workshop

AGENDA

Room C – Building on P2GreenN: Data, Tools and Guides for Future Projects

For researchers, future consortia and organisations exploring circular partnerships: the methods, guides and lessons learned from four years of running P2GreenN.

11:30–11:50 Closing Plenary

Breakout room highlights, key takeaways, and an invitation to our Final Conference.

11:50–12:00 | Quick Questionnaire

Share your exploitation interests and help shape what comes next.

**Should there be strong interest in further discussion or an open roundtable, we are happy to extend the conversation beyond the scheduled time.*
